

		West Virginia Department of Health and Human Resources			
		MANUAL OF ENVIRONMENTAL HEALTH PROCEDURES			
Section	Administration	Date	November 12, 1987	Procedure #	A-24
Subject	Release of Complainants Name			Page	1 of 1

The Attorney General's Office advises that neither the "Freedom of Information Act" nor the "Sunshine Act" requires the health department to reveal the name of a person(s) filing a complaint.

The person desiring such information would need to initiate legal action and the court could subpoena all records related thereto including the name(s) of complainants.
