		MANUAL OF ENVIRONMENTAL HEALTH PROCEDURES			
Section	Housing / Institution	Date	July 28, 2011	Procedure #	H-9
Subject	Construction Permit for Mobile Home Parks			Page	1 of 1

Section 4.1. of the [Mobile Home Park Regulations](#) requires that plans and specifications of mobile home park construction and installation be submitted to the State Health Department for review and approval.

Effective upon issuance of this policy, authority is delegated to the local health departments to review and approve construction and installation plans and specifications for proposed mobile home parks (new or expanded) as follows:

1. Mobile Home Parks having eight (8) or less units if served by a non-community water supply (see [Public Supply Regulations](#) for definition) or,
2. Mobile Home Parks having fourteen (14) or less units if served by a community water supply. (See procedure WW -8.)

If served by the following on-site sewage system:

1. Mobil Home Parks of ten (10) or less units utilizing an on-site sewage disposal system of 3,000 gallons or less capacity with subsurface absorption. See [WW-8 Sewage Program: Division of Responsibility](#)

In all cases, plans, specifications, and the applicable forms EG 1-8 describing the proposed mobile home park are to be made a part of the application for a permit to construct or expand a mobile home park.
